

2010YR

YEAR OF REPENTANCE

FEED MY SHEEP

I am the good shepherd: the good shepherd gives his life for the sheep.

But he that is a hireling, and not the shepherd, whose own the sheep are not, sees the wolf coming, and leaves the sheep, and flees: and the wolf catches them, and scatters the sheep.

**Christian want to save souls, but how many really make a difference?
How many actually master it?**

I've been encouraged to talk about salvation with others but where do I start?

If they tell me they are a Christian but never attend church, how can I help them see that even though the church isn't perfect it's the most important place to be for the preparation of the soul?

Mission Statement:

To spiritually develop and restore Christians that do not fellowship in regular attendance with a church, by encouraging churched Christians to make and build permanent Christian prospects of them based on a personal life's commitment to pray for them daily and maintain a friendship with them which puts their spiritual care at the center of the relationship.

How are we going to do it?

1. **Seek Pastors and their congregations that will permanently commit to praying for and calling 7-10 unchurched Christians from their community.**
2. **We will involve churches in the same process nationwide through recruiting efforts of a traveling Evangelist which seeks Pastors and their congregations to participate, the evangelist will also seek to build a voluntary evangelist (recruiting) team of retirees which travel countrywide seeking participating churches.**
3. **We will provide all participating members with an opportunity to participate in a weekly event; which is posted on our website www.2010yr.com these events are usually a simple task like reading a verse or a chapter from the bible. Also, 2010YR will fund local public events which allow member and their prospects to participate.**
4. **Encourage participating members and their churches to financially support this ministry nationwide.**
5. **Most of the funds from contributions received into 2010yr will be funneled into events for its members on a local, regional and national scale. These funds will be made available to Pastors out of those areas which have been designated as Area Representatives (AR's). The Area Representative will work with other participating churches in their area to host the events.**
6. **Evangelist will also find State Coordinators (SC's). The SC's then assumes the roll of finding and developing AR's and other participating churches.**
7. **At corporate level the Pastoral Staff Members (PSM) are the executive staff for the ministry; they conduct the overall business for the ministry. All events request are passed on to the PSM from the AR's by the SC's**

Remember, your support forwards a national ministry which allows the ministry and its permanent commitment to the unchurched to gain momentum nationally and eventually internationally. While you may have similar follow up programs available in your church a national effort of all Christ centered churches will gain a coop and momentum we need to gain more souls for Christ in the end.

2010YR Year of Repentance Summery

2010YR Ministries Inc 1310 SW Jefferson Lawton Ok 73501
Ph.580-647-6127 Fax: 866-332-8286

2010YR is:

2010YR is a permanent follow up program which encourages those that attend church regularly to find, commit to and work with an individually manageable amount of unchurched Christians; for the purpose of hopefully inspiring them to eventually return to the nurturing care of the church.

The process for working with the unchurched is:

The Ministry “Process” is: all participating Christians complete a Life’s Commitment Card, Pray Daily for their prospects, participate in a weekly event, call their prospects occasionally for Christian encouragement (priming the pump), provide financial support for the ministry, and participate in the 2010YR events in their area by inviting their prospects to them.

2010YR Execution process is:

Evangelist will find participating pastors and their congregations, they will also find pastors which assume responsibility for their area of about a thirty mile city radius Area Representatives AR’s. Funds from 2010YR will be distributed to AR’s for local events being participated by other local congregations in a public setting, i.e. a bar b que in the park with prayer, singing and a brief message; these events encourage the churched Christians to invite the unchurched to participate and get involved with the overall execution of the events, thus making them feel more a part of the church, and inspiring them to hopefully return to the church.

Evangelist will also find State Coordinators SC’s State Coordinators allow the Evangelist to move on to another state. The SC then assumes the roll of finding and developing for his state AR’s and other participating congregations.

At corporate level Pastoral Staff Members (PSM) are the executive staff for the ministry; they conduct the overall business for the ministry. All events request are passed on to the PSM from the AR’s by the SC’s

2010YR Year of Repentance

2010YR Ministries Inc 1310 SW Jefferson Lawton Ok 73501
Ph.580-647-6127 Fax: 866-332-8286

Church Decline: “Because they don’t experience “change” they return to where they came from, and they will never experience change until they are told they “Must” change”: “Repentance”

Lk:24:47: And that repentance and remission of sins should be preached in his name among all nations, beginning at Jerusalem.

There are two kinds of people: those that see opportunity and they seize it immediately, they work out of faith, and they are the true leaders: and those that see opportunity and take an I’ll wait and see approach, they work out of fear, and they are the true followers.

2010YR Ministry Plans (Outline)

Develop a **Reference** List and Time Line of Ministry Development.

Introduce Ministry to Pastors 3-6 months Explain Ministry and Ministry Plan

Ministry **Accountability** of Contributions

Regain the **800 Number** for the Ministry and our Web Developer

Establish Participating **Congregations**. www.2010yr.com

Create **Area Representatives** volunteers (Pastors) achievement, measurable results

Creating Ministry **Start up Funds** Use of Contributions

Finalize Interactive **Web Based** Ministry.

Create Audio Visual **Presentations** of Ministry, including YouTube, GodTube type presentations.

Find a **Foundation Church**: *Must be repentance based teaching church.*

Create volunteer/salary **Administrative** Group.

Fund **Local Events**. Each event funded from contributions out of that area.

Create **State Coordinators** temporary volunteers/salary based, Deacon requirements

Create **Pastoral Staffs**, temporary volunteers, salary based on State Coordinators on salary in that region. Elder requirements

Create Volunteer Retiree **Recruiting** Mobile Network.

Create **Associated Evangelist** positions as needed.

Advance State Coordinators and Pastoral Staff Members to **Full Time** Positions

Advance a National **Promotional** Campaign.

Encompass **National Events**.

Open Ministry **Internationally**.

Build an International Organization.

2010YR Ministry Plan (Detailed)

Develop a Reference List and Time Line of Ministry Development.

We will supply Articles of Incorporation materials to the web site. Also background information on the Evangelist, and other Leaders and References of Pastors which they have worked under will be supplied. We will supply Proof of Tax Exemption documentation. Other References will be added to substantiate key people in the ministry and their background in Christ.

Introduce Ministry to Pastors 3-6 months

Involves scheduling appointment times with pastors to present the ministry, the plan, and how they can individually and corporately participate in 2010YR.

Provide Ministry Identification and references for the evangelist.

Direct pastors to the web site for additional information

The Ministry "Process" is: all participating Christians complete a Life's Commitment Card, Pray Daily for their prospects, participate in a weekly event, call their prospects occasionally for Christian encouragement (priming the pump), provide financial support for the ministry, and participate in the 2010YR events in your area by inviting your prospects to them.

Generate contributions through those desiring to promote and support 2010YR Ministries Inc.

Make Pastors aware of the immediate needs of the ministry. Leave a copy of the donor list of needs with them.

Current needs are:

The support of the toll free phone line needed for the ministry approx. \$35.00 a month to hold the service line available for the Ministry.

Support for the web development project currently started.

Find audio visual equipment for filming YouTube type presentations, and equipment for delivering a 2010YR presentation congregationally, i.e. slide projector for PowerPoint presentations.

Material for the promotion and communication of the ministry

Creation of and providing promotional materials for the ministry: i.e. signs/posters that can be place along the road or posted in key locations.

Ministry Accountability of Contributions

All contribution to 2010YR Ministries Inc. are tax exempt donations and may be files as such on income tax returns. All contributions will be recorded electronically and made available online by state and area. Some contributions may need to be entered to the web site manually, again, all contributions are entered to the web site and an annual summery of contributions will be made available to each member through the web site. All events and spending for all events will be posted on the site to include scanned copies of all receipts for expenses for each event. The overhead and office personnel expense, and salary paid positions will be posted. We want you to know how your contributions are spent. We want to insure all 2010YR activities are done in the public domain. We want to inspire all members who have ever left a church because they didn't know how their contributions were spent to see how their contributions are used. We want to inspire all 2010YR members to confidence in not only this ministry but in the Kingdom of God.

Regain the 800 Number for the Ministry and our Web Developer

A 888 toll free number was held for approx. (2) two years, due to an increase to hold that number and the transition being made from a regular income to no income the line was lost. We also lost the regular use of our internet web developer in which I personally paid 500.00 a month. It is the immediate desire of this ministry to replace this expense as soon as possible; as we would like to continue the development of the site and eventually have an 800 number members can phone to for service, information, and technical support.

Establish Participating Congregations

Develop participating congregations through the Congregational Presentation. Seek opportunities to schedule presentation of the ministry to as many congregations as possible.

Each Pastors is asked to complete a "Life's Commitment Card/Sheet and asked to encourage ten of the members to participate by completing a Life's Commitment Card and designating someone as their 2010YR Key Partner

Create Area Representatives (AR's) permanent volunteers (Pastors).

Pastors are presented with an opportunity to become Area Representatives, once a representative is found for the area the Evangelist trains that Pastor in the presentation of the ministry and the responsibilities of the Area Representative and moves to a new area. While AR's are not State Coordinators they are expected to be able to present the Ministry. They along with participating area pastors assist in the planning and development of area event and submit this request to the Pastoral Staff for approval and release of funding.

Other responsibilities of the AR's include insuring the events are Christian based and informative of Christian based fundamental values. Every effort is made by the 2010YR Corporate Staff to free the AR's of any undue burden of the ministry and to offer them maximum opportunity to minister to their congregations. AR's are encouraged to designate neighboring pastors as Assistant Area Representative instead of their own assistant pastors, this fosters a coop between participating congregations and the AR's which serves to strengthen ties between congregations participating in the ministry.

Finalize Interactive Web Based Ministry.

The online site for 2010YR is currently being developed; It will provide clear explanation of the ministry, a comprehensive breakdown of contributions received and from what areas, a map of events nationwide and eventually worldwide, and a detailed description of each event's financial expenses, plans, locations and date/time information. The site will include a map of all the leaders with information on their background. All messages, updates and weekly events are requested and posted online. The site also provides a registration link to become a member and a family tree link which allows each member to see how many members have joined in response to their prospecting efforts. A donation link is available which allows members to make a one time immediate donation or a recurring donation at interval which are most convenient for the contributor.

Creating Ministry Start Up Funds. Use of Contributions

Ministry Start Up Funds would fund the initial operations phase of the ministry, travel, materials, electronic presentation equipment, supplies and a modest initial income for the Start Up Evangelist of \$5,000.00 a month (or the equivalent of USD) after three SC's have reached full time income the Start Up Evangelist will be paid \$6,000.00 a month (or the equivalent of USD) and after three Pastoral Staff Members reach full time paid positions the Start Up Evangelist will be paid \$7,000.00 a month (or the equivalent of USD).

Local Public events:

Through the contributions received into 2010YR the ministry funds public events The Pastors and their members plan, schedule and host 2010YR public events. Upon agreement with other participating Pastors in the area the AR will submit a request to 2010YR Ministries Inc. whereupon funds and in some cases assistance for the event can be approved and sent to the AR in support of the event. 2010YR offer pastors of local congregations and their members an opportunity to work together to provide an event which allows the church to invite the un-churched to participate in a Christian event.

Eventually the ministry fund will allow us to move from a foundation church setting to offices equipped and furnished for the success of the ministry on a national scale with hopefully an eye toward the future of a successful global presence.

The ministry provides salary based incomes for key position which involve a full time effort for the success of the ministry; Evangelist, State Coordinators, Pastoral Staff, Administrative office Assistants, and any professional services needed in the conduct of the Ministry.

Create Audio Visual Presentations of Ministry, including YouTube, GodTube type presentations.

Obtain camera equipment needed to launch an internet video campaign of the Ministry, its explanation and its promotion. We hope to develop YouTube, GodTube and the like videos to communicate the ministry. Eventually we would like to do this with the help of a professional film company or advertisement outfit.

The ministry maximizes the use of technologies to communicate and interact with its members through all venues of communication.

Find a Foundation Church for the Ministry:

It is the aim of this ministry to find a church which has the vision, leadership and the insight to identify the potential of this ministry, and to furthermore accept the roll of a foundation church for this ministry.

Their Objective: *Create voluntary positions willing to support the ministry and move it to a corporate structure, separate of the jurisdiction of the individual congregation.*

The YR in 2010YR stands for Year of Repentance, 2010YR recognizes the teachings of Christ Jesus which teaches that repentance is essential in initiating a relationship with Christ and continuing a relationship with Christ, to the extent that all those which do not continue to serve Christ will be divided out of the Kingdom of God and suffer equal to greater consequences for their continued life of un-repentance.

The foundation church for 2010YR must be repentance based in their teaching, understanding that repentance is essential to salvation.

Create volunteer/salary Administrative Group.

Individuals who have a desire to work with 2010YR in launching the ministry can work on a volunteer basis, many of the task needed are administrative, clerical, management and even mechanical. Unlike executive positions such as State Coordinators Pastoral Staff Members or Associated Evangelist many of these jobs will become full time paid positions for the ministry as soon as financially possible. While some of these positions may be done from home most will need to come out of or agree to work with the Foundation Church.

Fund Local Events

Contributions into 2010YR are electronically tracked or inputted manually to reflect all funds received from each area. Reports will be made available to AR's as to the amount of funds received from their area and how much is currently available for events in their area. A map of each area will be posted on the web site; it will allow all members to reference this information as well. This will assist the AR's in realistic planning and funding of their events and allow area members to suggest events within their budget.

Through the contributions received into 2010YR the ministry funds public events. The Pastors and their members plan, schedule and host 2010YR public events. **Many hands make light work.**

Upon agreement with other participating Pastors in the area the AR will submit a request to 2010YR Ministries Inc. whereupon funds and in some cases assistance for the event can be approved and sent to the AR in support of the event.

2010YR offers pastors of local congregations and their members an opportunity to work together to provide an event which allows the church to invite the un-churched to be an active part of a Christian event.

Through these events it is hoped that ties between the church and unchurched members will be strengthened and that through Christian interaction the church and the unchurched will have the opportunity to work together to realize the accomplishment of a special relationship.

It is encouraged that the unchurched members would be involved to realize as much of the event as possible. (Remember getting them to do as much for the work for event is within itself a means to the end; that their participation would inspire them to get involved with the local congregations and thus return unto the house of God.) Put them in the pilots seat let them lift it off the ground and guide them in landing it. This is how my pilot instructor sold me on taking flying lessons.

Create State Coordinators

The office of the State Coordinator: The State Coordinator (SC) coordinates the efforts for 2010YR for the entire state and depending on the size of the state and the effort may have hired assistance.

The SC moves from a volunteer position to a full time position. Requirements for the SC are the biblical requirements for the office of a Deacon and a minimum of one year as a Deacon for a Christ centered, morally sound church: in good standing and reputation and has a desire for the office of SC.

Compensation for the office of the SC: \$6,000 a month (or the equivalent to USD) some compensation is provided for ministry based expenses on staff with 2010YR after the state achieves a gross contribution level of \$60,000. If the state gross income fall below \$60,000 the SC for that state is then paid (10%) ten percent of the gross state income. In my humble opinion the SC's that volunteer until their state has achieved a sufficient income have a much greater reward laid up for them in heaven.

All of the AR's events requests are submitted through the SC's. Communication between the AR's and the Pastoral Staff (PS's) is facilitated by the SC's unless otherwise necessary. After the PS has approved an event, all funds will be passed directly to the AR for that area but not to the SC's. SC's are responsible for opening up new areas by introducing the ministry to as many Pastors in the state as possible. An SC can submit a request for an event and receive funds for an event while working with a pastor in an area, although this is not the common standard or preferred method of hosting an event; it is used to encourage Pastors and their congregations to become Participating Congregations and or AR's.

Create Pastoral Staffs

The offices of Pastoral Staff are the executive directors for the ministry, to facilitate its initial corporate structure, growth and all business activities for the ministry, and its future development for national and international ministry.

All other positions in the ministry work under the leadership of the PS. At the initial building of the ministry these to are volunteer positions, there will be 1 PS member for every 7 states for a total of 7 Pastoral Staff Members one having 8 states. Other Pastoral Staff Members may be assigned certain areas internationally; the PS member may be a resident of that country.

Compensation for the PS is \$7,000 a month (or the equivalent to USD). Each PS is awarded a fulltime income at the time all seven states in his jurisdiction has 7 State Coordinators on full time income.

The requirements for the Pastoral Staff Member are the biblical requirements for an Elder and the candidate must have a minimum of (5) years experience as an Elder in a Christ centered morally sound church, in good standing and reputation and has a desire for the office of PS.

Create Volunteer Retiree Recruiting Mobile Network.

When the ministry can support the key positions for building the ministry, which are a toll free phone line, the Web Developer, and the initial Evangelist, the efforts of the evangelist will shift to finding recruiters for the ministry. Realizing the effort to contact Pastors and their congregations with the message of the ministry will need to involve many people working on a volunteer basis.

The ministry intends to tap a valuable resource in those to whom God has allowed to retire and have mobile homes. For all those that believe in what we are doing here with 2010YR Ministries and would like to help us spread the word, we would like to induct them into our Mobile Recruiting Team. While many of these may be retirees which are traveling already anyone can be a part, truck drivers, construction personnel, business personnel, any one that travels during the normal course of their day/week/month/year.

They have the opportunity to learn more about the ministry and support it by making a tangible difference. In the course of their travels they will contact Pastors and meet with them. At this time they will have the opportunity to present the ministry to them and share with them how they too can get involved.

Create Associated Evangelist positions as needed.

Positions of Associated Evangelist (AE's) will be created on a needs basis. If the efforts of the Recruiting personnel fall shorter than expectations for finding sufficient AR's, and SC's, AE's will continue the efforts of recruiting in areas where the ministry needs to expand.

These positions are as the Evangelist position, which is to travel from area to area presenting the ministry and attempting to find Representatives, Coordinators, and Staff personnel where needed.

Compensation for these positions is \$7,000.00 a month (or the equivalent in USD) some ministry expenses are reimbursable, the income however does include much of what is expected for the recruiting efforts of the ministry, i.e. food, fuel, lodging, travel. Examples of reimbursable expenses may be moneys spent in the assistance of an event, a reasonable amount of dining expense on others for presentations and conferences purposes only. These positions are not intended as permanent positions neither should be.

Advance State Coordinators and Pastoral Staff Members to Full Time Positions

Achieving full time State Coordinator for each state is a significant milestone. Once the state begins generating enough in contributions to support this key position the state can move from hosting local events to a coordinated effort of state events, these are larger events designed to bring the body of Christ together. Not only that, as the SC's began to work full time, the state can realize its potential for reaching the lost. The AR's will also have someone they can work with closely to accomplish meaningful task at the state level.

Advance a National Promotional Campaign.

To develop a spirit of involvement and national recognition of the ministry we will pursue many avenues of promotions from printed material, to signs to billboards to radio and television. Also clothing and other means of general advertisements will be employed

Encompass National Events.

Each state is encouraged to participate and support the ministry events. Usually seven states are a region, when all the states in a region have SC's regional recognition to the ministry is obtained. At time the PS member will become full time paid salary positions and will be responsible for generating events on a national scale. National promotions and Conferences are also recommendations for regional status.

Open Ministry Internationally.

Once at least 3 regions are at regional status a team of Evangelist will be assembled to gather information specifically for opening the ministry internationally, this may include travel to and from other countries and coordinating efforts through agencies which specialize in foreign affairs and international business and ministry.

Every attempt to find pastors that have already worked in foreign countries will be made. It is the desire of this ministry to open the ministry in every country, realizing the necessity that we will have to work underground in some countries and assume the responsibilities of what may be illegal religious activities in some countries.

Build an International Organization.

As our international presence increases we will build a team with the particular design of coordinating national-international communicational channels; connecting the national and international leaders together through various media technologies, this may be outsourced. The aim is to move the leaders into an ever increasing roll of and international unit all moving autonomously yet simultaneously as an organization.

The goal is not to limit the individual regions or states to a set program but to explore ways of incorporating the efforts of all 2010YR participants within a world perspective. Promotions of the ministry, its purpose and events will take on the nature of an international movement.

The goal is to eventually move toward 2010YR events with global recognition. The aim is to gain as much momentum as possible to increase the participation in the events. We want to impact the world and influence all those which have embraced Christ Jesus and especially those that have forsaken the Lords way and have fallen into a life of iniquity to return unto the Lord.

Finally: a note on contributions

I hope that you can see how that follow up in any business is a very effective way to earn the business of your prospects. Whether its God's business or otherwise the principle is the same, most churches are like most sales people **“they give up because they never made a permanent effective decision to follow up”**. As you and the congregations nationally continue to participate and support the ministry the rule is the same; Christians will return and souls will be saved. I'm encouraging your support and would like to ask if you would consider at least a \$10.00 a month contribution. My prayer is that God would multiply it to you many times over especially in the those heavenly treasures, Thank you, and may God so richly bless you, 2010YR Ministries Inc.

2010YR Ministry Reference

Founder, Ministry Development, and Start Up Evangelist

Shortly before starting truck driving God inspired me with 2010YR an every tenth Year of Repentance, over the last five years with God's help, I've developed the base concept for working with strayed Christians in a permanent follow up program. Trucking quickly developed into a business for me and I soon owned my own trucking company, which did quite well while freight was in high demand. I attended a different church every Sunday and very seldom missed, telling almost every church I visited about the ministry. During this time I paid for materials, a phone line, internet services, web site building, incorporation, and paid for the services which help me obtain a 501 c 3 tax exempt status. Shortly after I started trucking I was divorce, I have lived faithfully to my wife before and since I was divorced I have lived faithfully unto the Lord since I was divorce and have lived celibate. Before I started trucking I was in the US Army as a Communications Radio Repair Specialist for about eight years, after a tour in Germany I became an Instructor at the Field Artillery Training Center, Fort Sill, OK. I got out the military as I helped bring my wife's child care business into a commercial entity, during which time I also worked in financial services and as a real estate agent; being approved and licensed to sell life insurance, loans, and securities licensed to sell mutual funds. shortly before trucking I went back and trained soldiers as a civilian contractor for about a year and a half. I've been in the church for the most part of my life: grew up in Bethel Baptist in Las Vegas, NV. I strayed away from it until I was 17-18 in 1982. I then completely committed my life to Christ and stubbornly never looked back. I worship with the Church of Christ until about 1998. I then worshiped at first Baptist East Rev. Pasmore, and eventually moved to DaySpring Community Church, Pastor Chris Stephens, Chris is no longer pastor there Dori the secretary knows me. Where I currently attend when I visit Lawton Fort Sill area where my son 20 and daughter 16 reside.

Philip Muse: Associate Pastor New Life Fellowship, Lawton, OK

Dwayne Hall Founder of Get the Word Out Ministries, Lawton, OK

Mark Brusnahan best trucker in God's Kingdom, Lincoln NE

Ruby Metoyer: God Mother, Corona CA

Joe Stewart: Most Awesomest Trucker in God's Kingdom, Grand Rapids, MI

Ervin Shelly: Childhood friend,(muslim) Pipefitter, Las Vegas, NV

Gary King: Cousin Friend, and Unchurched prospect, Los Angeles, CA

Other Unchurched Prospects to include Gary K, Joe S, and Mark B.

Brian: Trucker, Hazel Crest, IL

Will Heath: News Paper Supervisor, Charlotte, NC

Terry Bordeau: Trucker, Dalton, GA

Eric Harris: Trucker, Opelika, AL

Olin Hill: SuperTrucker, Charleston, SC

Harry Thompson: Trucker, Plano, TX

Bellaire Ulric, Police Officer, Macon, GA

Ron and Vonda Gray: Truckers, Nixa, Mo
